Once upon a time, there was a girl named Cinderella who lived in a castle with her parents. One day, her mother died and her father got married again one year after with a lady who became Cinderella's stepmother but she already had two daughters. Cinderella's father died a few years later.

After the death of her father, Cinderella lived a real hell because of her stepmother and her two half-sisters, Daisy and Anastasia. Cinderella's stepmother ordered her to do all the cleaning tasks in the castle.

But one day, Cinderella rebelled and decided to poison her stepmother with a poisoned red apple. Then one morning, Cinderella served her the poisoned apple for breakfast.

" Here is your breakfast! " Cinderella said.

"Why are you giving me an apple? " the stepmother asked.

" For the vitamins!!! " Cinderella answered.

The stepmother was suspicious but ate it. A little while after, Cinderella came back in the bedroom and her stepmother was dead.

However, Cinderella decided to keep Daisy and Anastasia alive but in exchange she asked her half-sisters to do all the cleaning tasks.
